DAVID VINEY

GUEST SHEET FOR PRODUCERS

The Poacher and Gamekeeper of AI

30 years of IT leadership experience in global enterprises and 7 years implementing Artificial Intelligence, balanced by over a decade in Digital Rights NGOs; championing user protection.

THE AI CRASH

DAVID VINEY, AI EXPERT

FOUR SEGMENTS

David is a rare combination of an enterprise practitioner (who built WPP's $350m pa agentic AI platform) and a civil society digital rights champion (campaigning for legislation to protect users from harm). David works as a Fractional CIO and AI Board Advisor and is also a published author and thought leader, with a loyal following.

Is AI a Bubble?

Why there's not enough money, power or public support to sustain it all.

Ask him: Is AI a bubble, and who gets hurt if it pops?

Where's the AI Payoff?

95% of AI pilots show no return, but CEOs are still cutting jobs. Why?

Ask him: Are CEOs buying magic beans?

Is AI really dangerous?

AI may not destroy humans, but that doesn't mean it does no harm!

Ask him: If not killer robots, what should we actually fear?

Who polices AI?

The seatbelt didn't kill the car. It saved it. AI safety needs to catch up. Fast.

Ask him: Who should make AI safer? And how?
